

Participated as Invited Session Chair in 2nd

Participated in **International Symposium on Technologies & Materials For Renewable Energy, Environment & Sustainability**, Organized by

Participated as a Judge in

Principal Investigator: **1,50,000/=** PKR
Year: 2017

	H. Naz, Stability indicating RP-HPLC assay for simultaneous determination of chlorpheniramine maleate and prednisolone in veterinary injection, <i>Acta Chromatographica</i> , 2020, 32, 122-127.	
27.	M. Salman , R. Rehman, U. Farooq, A. Tahir, L. Mitu, Biosorptive removal of Cadmium(II) and Copper(II) using microwave assisted thiourea modified	

53.	M. Athar, U. Farooq, M. Aslam and M. Salman , Adsorption of Pb(II) ions onto biomass from <i>Trifolium resupinatum</i> : equilibrium and kinetic studies, <i>Appl Water Sci</i>, 2013 , 3, 665-672. DOI 10.1007/s13201-013-0115-0	5.7
54.		

69.	on <i>Polyalthia longifolia</i> leaves biomass. <i>International Journal of Phytoremediation</i> , 2011, 13, 410-420.	
-----	---	--

		the removal of Cd(II) and Ni(II) from aqueous medium	
--	--	--	--

	(Co-supervised)		adsorption on rice straw; a low cost adsorbent.	
62.	Sara Qamar	BS	Removal of As(V) from aqueous solution using dried pine leaves.	2010
